iVigee
Simple • Powerful • Elegant

Drug safety solutions

Our Next Generation Safety Reporting Platform for new levels of insight into patient safety.

iVigee's vision, to bring new and innovative solutions to the PV industry by blending technology with PV knowledge, has resulted in the development of iViSight, a simple and elegant system to improve your compliance visibility and patient safety monitoring.

iViSight supports your operational, quality, medical/signal and safety processes, augmenting compliance and the ability to increase patient safety.

Fully GxP Validated
Global Compliance Status
Dynamic Dashboarding

Simple Interface
Powerful insights
Elegant Compliance

A truly exciting and ground-breaking new platform!
